- Wall mountable
- Easy media loading
- Real time clock
- Adjustable media sensor
- Direct thermal printing on all popular media materials

ISG™ S100 Thermal Printers

Super fast, wall mountable wristband and label printers that can save cart or counter space

ISG™ Summit Series S100 printers are the fastest and easy-to-use thermal wristband and label printers in the industry. Their sturdy construction, simple operation and easy loading features make them a necessity for a variety of healthcare applications such as bedside labels, patient wristbands, sample labels and more.

With our PAL® (printing assistance for landscapes print and program utility allowing for the customization of your output, ISG™ S100 printers are an intelligent choice.

For applications with a non-standard emulation or data stream, PAL® allows you to load apps that will accept, convert, format and print your data, including creating barcodes. Ongoing service and support, including future changes to the PAL® app, if needed, are available for the life of the printer.

Replace your old thermal wristband, receipt or label printer with a flexible, reliable ISG™ S100DT or S100DT-TT today!

ISG™ S100 thermal printers have been tested and approved for integration with all common ISG ID software solutions, and are supported by all ISG member dealers that serve across the USA and Canada.

S100DT-TT
